Vote for Judge Longenecker this morning before anxious duties claim a business. There will be a vote in favor of enforcement of the law, the preventing murderous, and for preserving refuge of all kinds.

A vote for Judge Dietz today will be a vote in favor of upholding judgments law against the assaults of foreign scoundrels and foreigners. Let the record of the ballots bear testimony to the appreciation of the services of the citizens of Cook County on this point.

Every voter who deems honest and fair-minded and true person to this county entrusted to non-partisan Commissioners acting under the supervision of the Judges of record of the county should vote for the Democratic candidates for Judge. Let no farm organized and honest person.

Every Republican ticket peculiar at the polls today should have the proposition "For the Jury Commissioners law" on it. The law was supported by ten anti-Republicans vote in the Legislature on its final passage and spring. It should also receive the vote of the Republicans, as it was supported by most friendly representatives in the Legislature from Adams, Burke, M. J. Dillon, Evans, Gilchrist, Haney and Wright. It will receive also votes of almost Democrats. Every friend of the Republican League should be for the Jury Commissioners law.

Every one not seen as good a ticket for County Commissioners presented to the voters of Cook County as that which has the unanimous support today. But a few days ago there were against and numerous on the ticket by the members of the journals of the opposition. All are clean, straight men who have been successful in their own business. Such men can be trusted to manage the affairs of Cook County honestly and economically and in return a vote for each of them is a vote for the whole Republican ticket.

It is one of the necessities of the present political situation in Cook County that a vote for the Republican nominee for Sheriff is necessary to a vote of thanks to the outgoing Democratic occupant of that highly important position. This is a peculiarity of the present confusion of the situation of the Republican party. On the other hand neither branch of the Democratic faction has ventured to repudiate Sheriff Barrett's record. Both have indorsed his administration. This contrast fairly represents the important difference between the two parties in their attitude toward good government.

A vote in favor of the Jury Commission ticket today will be a vote in favor of securing the earliest completion to hold trustees of the principal examiner. As long as those are candidates that will be on the ballot of Jury Commissioners to get off with lighter sentences for crime any candidate they will not be held responsible for their records. If honest jurors are wanted for the performance of the duties, such as would be selected under the new law, care is to be taken to be the Republican ballot that represents a good, honest, intelligent citizenship, such as would be selected by the Republican Commissioners acting under the supervision of the Judges of record of the county. Vote for the Jury Commissioners law today

GEN. CAFFAREL'S DENIAL.

He Says He Has Not Been Approached by Boulangists.

The alleged letter to Legrin of Deputy Millaud and his subsequent disappearance in Paris, Deputy Andrieux declaring the Duke Chevreuse desires to withdraw all references to Caffarel, and the Duke Chevreuse of Lucien Millaud.

Paris, Nov. 7.—The great Caffarel affair, which has occupied public attention for a fortnight, is now practically at an end. The Procureur-General of the Senate, M. Bertrand, has addressed a letter to the Procureur-General of the Court of Appeals, M. Quesnay de Beaurepaire, in which he says that the charges brought against General Caffarel by Deputy Millaud, Deputy Andrieux, and Deputy Lockroy, a military-looking man, appeared to all concerning the Caffarel affair, with the exception of Deputy Millaud, to be without foundation. Deputy Millaud, however, still maintains that he has evidence to confirm all that any of the others have said. Deputy Andrieux, however, has declared that he has no evidence whatever, and that he based his statements entirely upon rumors.

GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to All Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders until at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research, and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.
